## REPORT OF BELMONT POLICE DEPARTMENT

---

The town of Belmont should be proud of its traffic record for the last three years, though we have had a considerable number of accidents during this period we have not had a fatal accident to mar our record.

With the increased volume of traffic the officers of the Belmont Police have put in long hours of traffic duty to try to curb the violators, while some have managed to get by with their violations, others have paid the penalty of having their privileges restricted, so lets keep our record intact, as a minute lost may save a lot of regrets for one foolish moment on our part.

The Dept. was also the recipient of a number of letters from both the residents and non-residents, thanking the members for their services both in their line of duty and beyond the duties that they are sworn to uphold.

Public-spiritedness, interest in their work, and the desire for lower taxes prompts your police force to serve many hours without pay or compensation for expenses. Each weekend, they patrol over 80 miles of town road, answer complaints and curb violators, occasionally losing time from their regular occupations. One man purchased at his own cost a two-way radio for his car so he could be more easily reached when needed.

With nearly 2,000 persons, police services cost Belmont residents less than 60 cents per person per year.

In 1960, four of our men completed the C.D. Police course at Laconia, sponsored by the State Police. One man, at his own expense attended the week-long F.B.I. Firearms School at Wakefield, Mass. All officers belong to the Belknap County Law Enforcement Association, of which Sgt. Sweeney is secretary. Chief Leith is a committee member of both the N. \*\*\* IN MEMORIAM \*\*\*

We were saddened last March by the death of a veteran of the force, Sgt. Roland S. Kimball. He would be pleased to see that his son, Roland Kimball, Jr., was appointed a Special Officer to fill the vacancy left by his passing. Earl Sweeney was made Sergeant to fill the vacancy in this rank.

Our thanks to the Selectmen, Sheriff, State Police and others for their co-operation, and especially thanks to the Citizens of Belmont. Your friendliness and good-will has made the time and effort put into our work worthwhile. We hope to continue to enjoy your cooperation.

## REPORT OF FOREST FIRE WARDEN

## PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber buildings, grazing and wildlife are destroyed—all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First—by setting a good example YOURSELF—being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second—by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning—don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.

4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles—make sure they are out—use your ash tray.
5. Don't burn at home—use your town dump and save yourself much possible difficulty, both personal and financial.

## REPORT OF PUBLIC HEALTH NURSE

---

February 9, 1961

Board of Selectmen  
Belmont, N. H.

Dear Sirs:

I am pleased to report that during 1960, much was accomplished toward meeting some of the health needs which I mentioned in last year's report.

A preschool dental hygiene and sodium fluoride program was conducted by the N. H. State Department of Health and was well attended due to the well organized dental committee, headed by Mrs. Donna White. All parents of preschool children were contacted and given the opportunity for their children to attend. The program began on February 29th and ended April 12th. The first appointment was for cleaning and teaching purposes, the following three appointments for the application of sodium fluoride to the teeth to aid in the prevention of tooth decay. Seventy-eight children attended the program. The dental committee's interest and effort in this program is certainly evidenced by looking at the report of the program, which showed that sixty-three out of the seventy-eight children completed the program. Transportation was furnished for any children whose parents were unable to bring them.

Another major health project, equally as important, was accomplished during the year. As I had pointed out in previous reports, there were problems to be met before a polio clinic could be conducted in Belmont. The Belmont Fire Belle's led by Mrs. Dorothy Corriveau, came to my assistance as sponsors for a series of polio clinics. They also assisted me at the clinics with the records and other clinic work. Since the Salk vaccine is now available to all age groups, the clinic was held from 5:00 to 7:30 p.m. so that adults and children could receive their protection against polio. I would also like to extend my thanks and appreciation to Mrs. Helen Bellavance, school nurse, who returned from her summer residence to assist me with the clinic operation.

Below are some clinic figures which are of interest.

|                                   |                              |          |          |          |
|-----------------------------------|------------------------------|----------|----------|----------|
| 1st. clinic<br>(June 7th)         | 1st. injection<br>(all ages) | 2nd inj. | 3rd inj. | 4th inj. |
|                                   | 80                           | 10       | 32       | 129      |
| Total Inj.—251                    |                              |          |          |          |
| 2nd clinic<br>(July 5th)          | 1st. injection<br>(all ages) | 2nd inj. | 3rd inj. | 4th inj. |
|                                   | 14                           | 51       | 2        | 24       |
| Total inj.—91                     |                              |          |          |          |
| Grand total—both clinics—342 inj. |                              |          |          |          |

Before going on, I would like to say that without the interest and teamwork of all these people, Belmont would not have received these services. To conduct any public health program, the nurse must establish a need for it, and stimulate interest and teamwork within the town. Without this, little can be done for a community.

I have assumed the duties of Miss Garland since her retirement several months ago from the New Hampshire Tuberculosis Association in addition to my other duties. I shall be conducting the "Chest Diagnostic Clinics" every three months in Laconia and following TB cases and contacts.

Individual patients and families with various health problems have been visited throughout the year although it is becoming increasingly difficult to provide concentrated service to individual cases due to the expanding duties and large territory.

Respectfully submitted,

Virginia Comstock, P.H.N.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

### **Addition to Belmont High School:**

The addition to Belmont High School should be ready for full operation in September 1961. The eight classrooms and the gymnasium-auditorium with a shop will materially advance the academic curricula for Belmont pupils. It will also make possible a valuable curricula for the non-college bound group which constitutes approximately 66 per cent of those in secondary schools whose formal education ends with high school graduation.

Belmont voted with strong support for this school bond issue of \$265,000 showing that the town wants to maintain its own high school.

### **Tribute to Roland S. Kimball, Sr.**

It was my pleasure and privilege to work with this man, dedicated to improving the education of all the children of Belmont, for over eight years. His influence was also very powerful for the recreational development of opportunities for children in the community. The pupils knew that he was eager to help them but that he wanted good school discipline, moral and cooperation.

He was very instrumental in establishing a policy of annual repairs to keep the schools in good condition, the building of the new Memorial School, the local support that resulted in the new addition to the high school, higher salaries to retain good teachers, a new science laboratory, a complete commercial course, better textbooks, and a school system in which the town could take extreme pride.

A town is indeed fortunate to have had a man whose career and life span may have been shortened by his zeal and personal sacrifice for the advancement of his community.

**Appreciation:**

I wish to express my appreciation for the wonderful cooperation and business efficiency of the members of the Belmont School Board, Robert E. Bordeau, Chairman, Mrs. Suzanne S. Roberts, Secretary and Maurice H. Simond, Jr. They have worked very industriously with the architect and the members of the Building Committee to secure the best school that the money voted by the town will provide. I am sure that every dollar will be expended carefully and wisely to give the pupils the best school facilities possible.

May I thank the Parent-Teacher Association, the Selectmen, The Budget Committee, all civic groups and individuals, the Principals and teachers, the custodians, the cafeteria workers, and the bus operators for their cooperation and help during the past year.

It is evident that Belmont has accepted the educational philosophy of a New England leading University, which states "to offer an education to all qualified and worthy students with an innate craving for additional knowledge and the determination to acquire it regardless of the hardships involved."

Cordially yours,

GORDON L. FOX  
Supt. of Schools
